Dear Ms. Fulghum:

I have been in contact with representatives of a company entitled, Kerr McGee, located in West Chicago, Illinois. After talking with this company's representatives, they have indicated to me that the company is willing to engage in detoxification procedures involving Thorium at DuSable Park. My community is very much interested in expediting this plan, as soon as possible, so that the Park District can proceed with building and renovating a true park at that location.

Please send them the specifications, requirements and qualifications for completing the plan. A copy of your letter will greatly appreciated.

Thank you in advance for your full and complete cooperation which is also truly appreciated.

Very truly yours,

Burton F. Natarus
